Philosophy:

This clinic is run by high school coaches for athletes of all ages. The purpose of this summer clinic is to help athletes have their form evaluated and help the athlete prepare for the upcoming season. The camp will be run in a low-key atmosphere to teach proper form, conduct supervised drills, and modern training theories. Instruction received at the camp is intended to supplement athletes high school coaching

This is the 17th year offering our camps.... This program has a strong reputation of developing quality track and field athletes. The Championship Track and Field Camps have quickly developed the reputation of being the place where quality athletes train... Take advantage of this opportunity to:

Train with the BEST

Same Low Price for the past 10 years....
